

I. FOREWORD.....	1
II. REPORTS FROM COOPERATORS .....	2
AMES, IOWA	
Maize genetics outreach to American Indians --Lawrence, CJ; Gardner, CAC; Widrechner, M; Brendel, V .....	2
Linkage disequilibrium in a maize F2 population of B73 x Mo17 --Cook, KA; Hallauer, AR.....	2
Direct and correlated responses to selection for earliness in a tropical maize population --Narro, LA; Hallauer, AR; Pandey, S.....	3
Molecular studies for determination of quantitative trait loci for acid soil tolerance in maize --Navas, AA; Hallauer, AR; Pandey, S.....	3
AMES, IOWA and ALBANY, CALIFORNIA	
Allelism testing of Maize Coop Stock Center lines containing unknown brown midrib alleles --Haney, LJ; Hake, S; Scott, MP .....	4
BERGAMO, ITALY	
Evaluation of inoculation techniques for <i>Fusarium verticillioides</i> ear rot and fumonisin contamination of maize hybrid genotypes --Balconi, C; Ferrari, A; Berardo, N; Verderio, A; Mascheroni, S; Laganà, P; Motto, M .....	5
BERKELEY, CALIFORNIA and ALBANY, CALIFORNIA and STANFORD, CALIFORNIA	
Screening male-sterile mutants in Berkeley for anther development mutants --Harper, L; Timofejeva, L; Wang, R; Golubovskaya, I; Walbot, V; Cande, Z .....	6
BLACKSBURG, VIRGINIA	
The $\beta$ -glucosidase null phenotype in maize is due to a jacalin-related chimeric lectin and its lectin domain is responsible for $\beta$ -glucosidase aggregation --Kittur, FS; Yu, HY; Bevan, DR; Esen, A .....	6
BOLOGNA, ITALY	
A Gaspé flint $\times$ B73 introgression library suitable for the genetic dissection of flowering time and other agronomic traits --Salvi, S; Cometi, S; Giuliani, S; Sanguinati, MC; Talamè, V; Tuberosa, R.....	8
CASTELAR, ARGENTINA	
Effect of ethyl methane sulfonate (EMS) on ear weight in maize --Kandus, MV; Menéndez, Y; Salerno, JC; Delucis, M; Boggio Ronceros, R; Díaz, DG; Prina, A; Almorza, D.....	9
Increase of chlorophyll deficient mutants in a maize line induced by ethyl methane sulfonate (EMS) --Kandus, MV; Menéndez, Y; Salerno, JC; Delucis, M; Boggio Ronceros, R; Díaz, DG; Prina, A; Almorza, D .....	9
Performance of inbred lines considering different agronomic traits --Kandus, MV; Salerno, JC; Boggio Ronceros, R; Almorza, D.....	10
Mal de Río Cuarto virus in maize: QTL mapping analysis --Kreff, ED; Pacheco, MG; Díaz, DG; Robredo, CG; Puécher, D; Céliz, AE; Salerno, JC.....	10
Chromosome segments involved with hybrid vigor in maize ( <i>Zea mays</i> L.) --Salerno, JC; Kandus, MV; Boggio Ronceros, RE; Almorza, D.....	10
Markov chain in the analysis of the chromosome segment in maize --Salerno, JC; Kandus, MV; Boggio Ronceros, RE; Almorza, D .....	10
CHISINAU, MOLDOVA and FUNDULEA, ROMANIA	
Using haploid plants for the creation of high yield populations in maize --Rotarencu, VA; Mihailov, ME; Dicu, G.....	11
COLUMBIA, MISSOURI	
Recording field narratives --Kazic, T .....	12
A collection of <i>les</i> mutants --Kazic, T .....	13
Collection of quantitative images of leaves in the field and greenhouse --Foard, A; Hopfenblatt, J; Kalaga, S; Lutes, M; Powell, D; Raithe, D; Roberts, P; Young, C; Clements, A; Cornelison, C; Fourman, K; Orozco, D; Sutterfield, J; Rose, A; Thawani, N; Thieman, M; Harnsomburana, J; Green, J; Jones, C; Paulsell, D; Frey, B; Chipley, M; Kataria, A; Venkataraman, A; Kazic, T .....	13
Scripts and methods for tag production --Kazic, T .....	15
ITHACA, NEW YORK	
Centennial Celebration: Cornell's Department of Plant Breeding, 1907-2006 --Kass, LB; Murphy, RP.....	17
Jala maize - giant? --Karl, JR .....	18
Getting seed from the maize race Montaña --Karl, JR .....	18
KEW, UNITED KINGDOM and SAINT PAUL, MINNESOTA and MÜNSTER, GERMANY	
Maternal and paternal transmission to offspring of B-chromosomes of <i>Zea mays</i> L. in the alien genetic background of <i>Avena sativa</i> L. --Kynast, RG; Galatowitsch, MW; Hanson, L; Huettl, PA; Lüpke, L; Phillips, RL; Rines, HW .....	19

MILAN, ITALY	
Tomato and <i>Arabidopsis</i> plants overexpressing the <i>Ramosa1</i> maize gene show cell expansion --Cassani, E; Landoni, M; Pedretti, G; Pilu, R .....	21
First evidence of non-Mendelian inheritance of the <i>lpa1</i> trait in maize --Pilu, R; Panzeri, D; Cassani, E; Landoni, M .....	22
NAIROBI, KENYA and GHENT, BELGIUM	
Progress in transformation and regeneration of tropical inbred maize lines in Kenya --Anami, ES; Mgtutu, JA; Hanley-Bowdoin L; Rasha, AO; Nelissen, H; Inzé, D; Van Lijsebettens, M; Machuka, J.....	22
NOVOSIBIRSK, RUSSIA and MUNCIE, INDIANA	
Effect of mutagens on imprinting expression in apomicts --Sokolov, VA; Blakey, CA; Tarakanova, TK; Abdurahmanova, EA.....	23
PIACENZA, ITALY	
Mapping, positional cloning and expression profiling of mutants affecting endosperm development --Pasini, P; Carletti, G; Marocco, A.....	25
STANFORD, CALIFORNIA and SAN LUIS OBISPO, CALIFORNIA and BERKELEY, CALIFORNIA and ALBANY, CALIFORNIA	
Screening for male-sterile mutants that act before meiosis to disrupt normal cell fate specification in maize anthers --Walbot, V; Skibbe, D; Young, C; Culbertson, T; Nan, G; Morrow, D; Wang, D; Fernandes, J; Ritter, M; Wong, J; Bolduan, R; Gay, J; Wang, R; Timofejeva, L; Harper, L; Cande, Z.....	26
UNIVERSITY PARK, PENNSYLVANIA	
Two new PCR based polymorphic markers in bin 5.09 --Slewiniski, TL; Braun, DM .....	27
UNIVERSITY PARK, PENNSYLVANIA and AMES, IOWA	
Identification and characterizations of <i>P1-wr</i> epialleles in maize that show a gain in pericarp function --Robbins, ML; Peterson, TA; Chopra, S.....	28
URBANA, ILLINOIS	
Allelism testing of phenotype only stocks in Maize Coop collection uncovers new <i>viviparous5</i> , <i>waxy1</i> and <i>shrunkn2</i> alleles --Jackson, JD .....	31
New alleles of <i>pale yellow9</i> found in viviparous stocks in Maize Coop phenotype-only collection --Jackson, JD.....	31
III. COLOR FIGURES SUPPLIED WITH NOTES .....	32
IV. RANDOM PHOTOGRAPHS FROM PAST MAIZE MEETINGS.....	35
V. FIRST MAIZE MEETING.....	39
VI. ADDRESS LIST .....	45
VII. MAIZE GENETICS COOPERATION STOCK CENTER.....	79
VIII. MAIZE GENETICS AND GENOMICS DATABASE .....	82
IX. A STANDARD FOR MAIZE GENETICS NOMENCLATURE .....	84
X. GENETIC MAPS 2007 .....	87
XI. MAIZE GENOME SEQUENCING PROJECTS	
Sequencing the Maize B73 Genome Progress Report.....	103
Sequencing the Codifying Genome of the <i>Palomero Toluqueño</i> Mexican Landrace .....	110
XII. ALLERTON REPORT 2007 .....	111
XIII. SYMBOL INDEX .....	118
XIV. AUTHOR INDEX.....	119
